Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Financial Information & Service Center, Inc. d/b/a Consumer Credit Counseling Service of Northeastern Wisconsin (FISC) and Subsidiary which comprise the consolidated statements of financial position as of December 31, 2014 and 2013, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

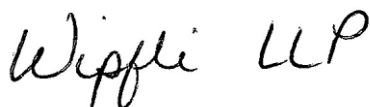

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of FISC and Subsidiary at December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Note 1 **Summary of Significant Accounting Policies** (Continued)

Principles of Consolidation

FISC and MMEA (collectively referred to as the "Organization") have common board members and management and are, therefore, consolidated. All significant intercompany accounts and transactions have been eliminated in preparing the consolidated financial statements.

The Organization is related to Goodwill Industries of North Central Wisconsin, Inc. ("Goodwill Industries"), a nonprofit Wisconsin corporation through common board members and management. A separate consolidated audit report has been issued for Goodwill Industries, FISC, and MMEA. FISC is a subsidiary of Goodwill as described in Note 4.

Basis of Presentation

The consolidated financial statements have been presented in accordance with a financial accounting standard that requires the Organization to report information regarding its financial position and activities according to three classes of net assets:

- *Unrestricted net assets* are the net assets of the Organization that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations.
- *Temporarily restricted net assets* are those whose use by the Organization has been limited by donors to a specific time period or purpose. When a restriction is met or expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
- *Permanently restricted net assets* are those restricted by donors to be maintained by the Organization in perpetuity. The Organization does not currently have any permanently restricted net assets.

Notes to Consolidated Financial Statements

Note 1 **Summary of Significant Accounting Policies** (Continued)

Revenue Recognition

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and nature of any donor restrictions.

Contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are classified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions. If the restriction is met on a contribution in the year the contribution is received, the contribution is reported as unrestricted revenue.

Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Program Fees

Program fees include fair share fees, counseling fees, and payment partner fees, and are earned for providing education, debt counseling, and money management services regarding personal finances. These fees are collected from clients and consumer creditors and recorded as revenue when earned.

Property, Equipment, and Depreciation

Property and equipment are carried at cost. Depreciation is computed using the straight-line method for financial reporting purposes based on the estimated useful lives of the assets. Estimated useful lives are 30 years for the building and range from 3 to 10 years for equipment.

Financial Information & Service Center, Inc. d/b/a Consumer Credit Counseling Service of Northeastern Wisconsin

Notes to Consolidated Financial Statements

Note 1 **Summary of Significant Accounting Policies** (Continued)

Contributed Services

No amounts have been reflected in the consolidated financial statements for donated services since no objective basis is available to measure the value of such services.

Functional Allocation of Expenses

Expenses are charged to each program based on direct expenditures incurred. Support service expenses are allocated to program services systematically based on the program benefited. The Organization considers all of the programs and services offered to be functionally related.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates.

Advertising

Advertising costs are expensed as incurred.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management has determined no allowance is necessary based on its assessment of the current status of individual accounts.

Note 1 **Summary of Significant Accounting Policies** (Continued)

Tax Status

FISC and MMEA are nonprofit organizations as described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. FISC and MMEA are also exempt from state income taxes on related income. Federal tax returns, including IRS form 990, for the years ended 2011 and beyond remain subject to examination by the Internal Revenue Service. The tax returns have not yet been filed for the year ended 2014.

The Organization is required to assess whether it is more likely than not that a tax position will be sustained upon examination on the technical merits of the position assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of that position is not recognized in the financial statements. The Organization has determined there are no amounts to record as assets or liabilities related to uncertain tax positions.

Subsequent Events

Subsequent events have been evaluated through May 15, 2015, which is the date the consolidated financial statements were available to be issued.

Note 2 **Restricted Cash, Payment Partner Program and Funds Managed for Others**

MMEA operates Payment Partner, a representative service and bill pay service. Amounts are paid on behalf of the individuals under these programs, and the residual balance of funds is retained by MMEA.

These funds are held on behalf of the individuals and are reflected as restricted cash and funds managed for others on the consolidated statement of financial position. The balance of restricted cash and funds managed for others totaled \$457,105 and \$360,765 at December 31, 2014 and 2013, respectively.
